

Nassau Soil & Water Conservation District

04/07/2025

Regular Meeting

5:00pm

INVOCATION: The meeting was called to order at 5pm. All supervisors were in attendance.

APPROVAL OF MINUTES: Supervisor Bellar made a motion to approve the minutes of the previous meeting, seconded by Supervisor Green. Motion carried.

APPROVAL OF FINANCIAL REPORT: Supervisor Caswell made a motion to approve the financial report, seconded by Supervisor Bellar. Motion carried.

OLD BUSINESS:

Lake Hampton and Thomas Creek have been kept on the agenda so they do not fall to the wayside, however, there has been no new update on either.

NEW BUSINESS:

Nassau County's Local Working Group (LWG) will be held on May 12 at 5pm. Yesmarie Chapparro-Feneque from NRCS was on hand to explain what a local working group is and who we should invite. She said she'll start by sharing what she does and then ask the group to help identify the top 10 concerns for the county.

Yesmarie said invitees usually include farmers, county commissioners, IFAS, the forestry service, and fish & wildlife. DC Cahill said she would also include Katie Peay, the county's stormwater manager.

DISTRICT COORDINATOR'S REPORT:

DC Cahill reported that the bills to abolish the soil & water districts are on the table again. She said she'd been in contact with Representative Black as well as Congressman Bean and would be contacting Senator Yarborough as well. DC Cahill said at the very least she would like to see Nassau removed from the proverbial chopping block.

ADJOURNMENT:

There being no further business, the meeting was adjourned at 5:40.
