

Nassau Soil & Water Conservation District

Regular Meeting Minutes

November 3, 2025 5:00pm

INVOCATION: The meeting was called to order at 5:05pm and the invocation lead by Chairman Woehrle. Supervisors Woehrle, Bellar, Caswell, Green, and Wentz were present. There were no audience members.

APPROVAL OF MINUTES: Supervisor Caswell made a motion to approve the minutes of the previous meeting. Motion seconded by Supervisor Green. Motion carried.

APPROVAL OF FINANCIAL REPORT: Supervisor Wentz made a motion to approve the financial report. Motion seconded by Supervisor Green. Motion carried.

OLD BUSINESS:

- **Lake Hampton & Thomas Creek** – District Coordinator, Cari Cahill, reported that she had not heard anything new regarding Lake Hampton or Thomas Creek. She said she is keeping them on the agenda for now, so they do not fall to the wayside.

NEW BUSINESS:

- **Website** – DC Cahill said she had been working on the website and was nearly finished. DC Cahill showed a preview of what the website will look like once she updates it. She expects the updates to be complete by the December deadline. She will send the board members a link once she has it back online.
- **AFCD** – DC Cahill said she'd received an email regarding AFCD. Apparently, a small group of people previously associated with the AFCD were trying to elect a new board. DC Cahill reminded the board that the AFCD had inexplicably disbanded earlier in the year. Chairman Woehrle asked if we knew any of the people who were trying to bring the board back. DC Cahill said she was not familiar with any of the names. Supervisor Wentz asked if there was anything the AFCD could do that we could not do ourselves. DC Cahill said AFCD sends out monthly emails reminding everyone of the things required to keep the board square with the state. She said they also provided the funding for our website due to a grant they'd received. However, that was coming to an end soon. She said in her opinion, there is nothing the AFCD provides for soil & water boards that DC Cahill doesn't already do for Nassau S&W. Chairman Woehrle said it was his opinion that we should give the new AFCD board a year to see what they do. If they are beneficial, we will consider joining. The board informally agreed and a motion was not required.

DISTRICT COORDINATOR'S REPORT:

DC Cahill said that since the government is currently shut down, not much has been going on. She said she was still maintaining the regular "housekeeping" items.

DC Cahill also said that since Yesmarie Chapparo-Fenique from NRCS is expecting, she will likely not be at another meeting until after maternity leave. The board wishes her the best of luck with her new baby.

Individual Supervisor's Reports:

Supervisor Bellar – None

Supervisor Caswell asked if there had been an update on Dove Creek. DC Cahill said she had not seen anything recently but would check with the county tomorrow.

Supervisor Green – Please let Yesmarie know we are thinking of her and wish her the best.

Supervisor Wentz – None

Chairman Woehrle – None

ADJOURNMENT: There being no further business, the meeting was adjourned at 5:41.
